You may.2012 United States Senate elections The 2012 United States Senate elections in the United States were held on November 6, 2012, and coincident with the 2012 U.S. presidential election, to elect seats in the United States Senate. The election coincided with the elections for the House of Representatives, the only other U.S. House of Representatives elections held that year, and state and local elections in a number of states. The Democrats expanded their majority in the Senate, picking up six seats to become the majority party for the first time since the 2006 elections, but losing two seats to the Republicans. The Republican Party also maintained a majority of seats in the House, with a net gain of two seats. Overall results Change in composition Before the elections After the November 6 general elections 3e33713323
